

IMPORTANT NOTICE regarding the DRAINS and SEWAGE SYSTEM

This property drains to a private sewage treatment system. To help protect the environment and keep annual servicing and maintenance costs to a minimum please follow the guidance below. Thank you for your co-operation.

PLEASE note that only toilet roll should be flushed down the toilet.

PLEASE try to use all cleaning products such as bleach sparingly.

PLEASE try to minimise the amount of the following items going down the sink as they overload the sewage treatment system. Please put them in the rubbish / compost bins.

- Leftover food scraps (compost)
- Tea bags (compost)
- Coffee granules
- Milk
- Cooking oil

PLEASE DO NOT flush any of the following items down the toilet as they can cause blockages in the drains and sewage tanks. Please put them in the rubbish / recycling bins.

- Sanitary towels & tampons
- Condoms
- Baby wipes
- Cotton buds
- Newspaper (recycle)
- Kitchen towels
- Blue paper towels

PLEASE DO NOT pour any of the following liquids down the sink or toilet as they cause *severe damage* to the sewage treatment system. Please dispose of them at your Local Authority recycling facility.

- Paint
- White spirit
- Medicines
- Petrol & oils
- Photographic liquids

IF IN DOUBT DON'T FLUSH IT, BAG IT & BIN IT
